DECLAN MCKELVEY- HEMBREE

SOFTWARE DEVELOPER

PROFESSIONAL SUMMARY

Experienced Software Developer with 8 years of agency experience creating websites, applications, and games for AAA clients. Skilled problem-solver with a keen eye for detail and a wide breadth of experience. Looking to leverage my expertise in experiential development to contribute to the success of a dynamic organization.

EMPLOYMENT HISTORY

MAR, 2022 - PRESENT

Senior Application Developer, 160over90, Los Angeles, CA

- Created and standardized project processes and workflows to ensure alignment with internal and external partners.
- Managed and coordinated development resources and project stakeholders on large-scale projects to ensure consistency and quality of deliverables.

OCT, 2019 - MAR, 2022

Application Developer II, 160over90, Los Angeles, CA

- Developed websites, applications, and on-site experiences for high-profile clients like T-Mobile, VISA, Capital One, Bud Light, USAA, and many more using technologies like Vue.js, Unity, and Arduino.
- Learned and implemented new technologies based on individual project needs, including software, hardware, and mechanical engineering.

MAR, 2017 - OCT, 2019

Application Developer II, Fusion Marketing, St.Louis, MO

- Built many experiential applications for festivals and conferences, including video games, photo opportunities, and art installations, for brands such as Marriott, Anheuser-Busch, and Twitch.
- Traveled with, managed, and provided onsite support for events, both technology-related as well as generalist tasks like crowd control, ticketing, etc.

JUN, 2016 - MAR, 2017

Application Developer, Fusion Marketing, St. Louis, MO

- Developed and maintained brand websites for food and beverage brands and higher education clients, including Super Pretzel, Campari, Goose Island, Yale, and USC.
- Worked with clients like Valvoline and Siemens to release incentive program apps for their employees and distributors, and developed and maintained backend infrastructure to support those clients.

EDUCATION

AUG, 2012 - DEC, 2015

Bachelor of Science, Computer Science, Washington University in St. Louis, St. Louis, MO
